

Caribbean Rollerama Protocol

- Coronavirus (COVID-19)

- Rollerama attendees, visitors and contractors are required to consult their local health department or authorities for the latest information on the virus and guidelines for controlling transmission
- Caribbean Rollerama cleaning crews to routinely clean touched surfaces and objects, including but not limited to, toilets, turnstiles, hand rails, door handles, communal/event areas, taps and basins as applicable
- Caribbean Rollerama will as required provide materials in relevant areas to educate employees, visitors and delivery personnel about proper hand hygiene and cough etiquette
- Caribbean Rollerama to install hand sanitizer stations in high-traffic areas of buildings and pavilions (supply permitting)
- Caribbean Rollerama directs all attendees, visitors and contractors who feel sick to limit face-to-face contact with others and to seek immediate medical attention
- Caribbean Rollerama will review on a case-by-case basis alternatives and safety protocols for large, public events held on the property
- Caribbean Rollerama and participating business or clubs should review their internal responsibilities, communications and preparedness plan and ensure that all staff are ready, know their role in keeping the property and its guests safe, and are aware of all communication protocols
- Occupational Health & Safety (OHS) requirements should be reviewed, which impose various duties to ensure a safe and healthy work environment
- Individual companies, clubs/associations and businesses attending Caribbean Rollerama should discuss human resource considerations such as screening staff or volunteers that have travelled to areas where the virus has been reported and implementing protocols for dealing with a situation where a staff member or volunteer may be infected with the virus, which includes informing Caribbean Rollerama management of any COVID-19 positive test results.
- All employers within Caribbean Rollerama should review leave policies and confirm compliance with legal requirements around mandatory quarantines for those returning to work
- All Caribbean Rollerama and participating businesses and clubs are recommended to undertake ongoing communications with customers to inform them of the steps taken to clean and sanitize their property and communicate how they are addressing the outbreak with their employees and customers
- All attendees to conduct their own risk assessment analysis and/or anticipate supply chain interruption
- Caribbean Rollerama and participating businesses and clubs should minimise deliveries to the building where practicable
